Subject: Invitation to Develop Full Manuscript for ATA 2025 Call for Papers on Institutional Approaches to Christlike Formation

To: <yohanessusanta@gmail.com>

Dear Yohanes Krismantyo Susanta (corresponding author),

We are pleased to inform you that a spot has opened up for the upcoming special issue of the Journal of Theological Education and Spiritual Formation (JATES), and your abstract, "Imagining the Future of Christian Evangelical Theological College in Indonesia: A Case Study of STT Amanat Agung," has been selected to move forward to the next stage of writing.

Next Steps:

1. **Review Feedback by Selection Committee** – See below some comments on your abstract. Carefully incorporate these suggestions as you develop your full manuscript.
2. **Write and Submit Your Paper** – Your full manuscript must be submitted by 1 July 2025. Please refer to the attached JATES Submission Guidelines for style and formatting requirements. Adhering to these guidelines is essential to ensure consistency and quality in the publication.
3. **Present at the ATA Triennial General Assembly (11-15 August, Taiwan)** – You will present your first draft and receive valuable feedback from attendees at the Triennial General Assembly. More information about this will be provided closer to the date
4. **Revise Based on Feedback** – You may make secondary revisions to your paper after the General Assembly based on discussions and insights shared during the session.
5. **Submit Final Paper** – Submit your final paper to us by 30 September 2025. It will then undergo peer review and copy editing, and you may be required to make editorial revisions during this process. Please note that **final acceptance is subject to meeting the required academic and editorial standards**. If the manuscript does not meet the necessary criteria or if the revisions are insufficient, it may be declined, and the associated prize money will not be awarded.

Reviewers' feedback:

- We would love for the project to more intentionally engage the local cultural context - that is, what are potential nuances in the way Christlike maturity or holistic formation is understood, embodied, and/or cultivated in Indonesia.
- As you are using living participant data (e.g. surveys, interviews, etc.), your research is subject to human participants ethics approval and ensure permission has been received from the students/ faculty mentors cited for their insights to be used. If your institution has a research ethics review board or committee, please go through them for approval. If your institution does not have such a committee, and you do not have access to another one, the AGST Alliance Human Participant Ethics Panel (HPEP) is available to support you (applications fees will be covered by ATA) - you may contact Dr Allan Harkness, Chair of HPEP, for further details about ethics approval at: ethics@agstalliance.org.

If you wish to accept this invitation, kindly sign and return the attached writing contract to us (jates.ata@gmail.com) by 24 April 2025. A digital or e-signature is sufficient.

Should you have any questions, feel free to reach out to us at jates.ata@gmail.com.

Wishing you a hope-filled Easter as we celebrate the resurrection of Christ.

Blessings,

Dr Sooi Ling Tan & Dr Justin Peter
Editors
Journal of Asian Theological Education and Spiritual Formation (JATES)
